

These are your tasks:

- You are responsible for the annual audits in various industries
- You work on accounting and valuation issues
- You want to get to know your clients' business areas, products and processes
- You analyze, document and evaluate business processes in accordance with national and international accounting principles
- You assess and document the audit results and actions and are responsible for an accurate audit report
- You will ensure that the control and risk management system functions properly and contribute your expertise to the optimal organization of accounting-related processes.
- You will work on specialist projects and digitalization initiatives to continuously optimize our processes.
- You are responsible for auditing sustainability reports.

This is what you need:

- You have completed a relevant university or university of applied sciences degree.
- You have the desire to get to the bottom of things and find out why something is the way it is.
- You are characterized by good powers of observation, analytical thinking and a good understanding of figures.
- You have the social skills and communication skills to work with people from different areas.
- Discretion is a matter of course for you.
- You work with the highest level of quality awareness, attention to detail and extreme care. You recognize discrepancies and deviations immediately.
- Ongoing training in your specialist area and personal development are important to you.

We offer you:

- We offer you a wide range of tasks with a lot of personal responsibility and ongoing contact with people.
- You can develop your professional skills in our internal TU Academy. If you want, you can embark on a specialized career.
- The balance between working hours and free time is important to us and we support the compatibility of work and private life.
- People who are enthusiastic about their work are in our offices. They would be delighted if you became part of our team!
- Comprehensive training and our buddy system will help you get started in your new job

Wir schaffen Chancen!
