

These are your tasks:

- You prepare balance sheets, profit and loss accounts and financial statements
- You create reports and analyze the relevant key figures
- Your ongoing tasks include representing, drafting and submitting declarations
- You identify optimization opportunities for our clients, actively coordinate them and implement them professionally.
- You liaise with social security institutions and tax authorities
- You advise our clients on all financial and tax matters and support them in audit procedures
- You will work on specialist projects and digitalization initiatives to continuously optimize our processes.

This is what you need:

- You have passed the balance sheet accounting exam or have relevant professional experience in finance and accounting
- You know your way around IT
- You work with the highest level of quality awareness, attention to detail and extreme care. You recognize discrepancies and deviations immediately.
- You value respectful communication with your internal and external customers
- Ongoing training in your specialist area and personal development are important to you.

We offer you:

- We offer you a wide range of tasks with a lot of personal responsibility and ongoing contact with people.
- You can develop your professional skills in our internal TU Academy. If you want, you can embark on a specialized career.
- The balance between working hours and free time is important to us and we support the compatibility of work and private life.
- Our offices are staffed by people who are passionate about their work. They would be delighted if you became part of our team!
- Comprehensive training and our buddy system will help you get started in your new job

Wir schaffen Chancen!
