

These are your tasks:

- You work together with our tax consultants and support them
- You prepare balance sheets, profit and loss accounts and financial statements
- You create reports and analyze the relevant key figures
- Your ongoing tasks include solving tax law and business management issues
- You advise our clients on financial and tax issues and support them in audit procedures
- You will work on specialist projects and digitalization initiatives to continuously optimize our processes.

This is what you need:

- You have a degree in economics and/or law and have an excellent knowledge of IT
- You are no stranger to strategic thinking
- You carry out your tasks extremely carefully and with a strong focus on results.
- Your contribution to the day-to-day business is important to you, you actively contribute your ideas and are convincing in meetings.
- You value respectful communication with your internal and external customers
- Ongoing training in your specialist area and personal development are important to you.

We offer you:

- We offer you a wide range of tasks with a lot of personal responsibility and ongoing contact with people.
- You can develop your professional skills in our internal TU Academy. If you want, you can embark on a specialized career.
- The balance between working hours and free time is important to us and we support the compatibility of work and private life.
- Our offices are staffed by people who are passionate about their work. They would be delighted if you became part of our team!
- We will guide you through the examination process and support you with internal coaching.

Wir schaffen Chancen!
